JECRC University , Jaipur, Rajasthan   July'2019 - Jan'2022
BCA   GPA: 7.39

HG International, School , Aburoad, Rajasthan   July'2017 - Mar'2019
XII Commerce   GPA: 7.3

PROFESSIONAL EXPERIENCE

Softobiz Technology Pvt. Ltd. - Mohali, Punjab   Oct'2022 - Present
Software Developer Engineer

- Designed and developed both front-end and back-end components of web applications, ensuring seamless integration and a cohesive user experience.
- Managed and maintained databases, optimizing query performance and ensuring data integrity for reliable application functionality.
- Played a key role in ensuring the continuous operation of applications, actively monitoring and addressing issues to minimize downtime and maximize user satisfaction.
- Implemented solutions and best practices that enhanced development efficiency, resulting in faster feature delivery and improved project workflows.

PROJECTS

Fab Fusion   Sept'2023 - Present

- Developed "fabfusion," a full-stack e-commerce web application using Next.js, React offering a seamless shopping experience to users.
- Integrated authentication and user management features with Clerk/Next.js to ensure secure sign-up, sign-in, and personalized user experiences.
- Created a shopping cart feature, allowing users to add and remove items, with real-time updates and a smooth checkout process for a convenient shopping experience.
- Utilized MongoDB as the database to store product information, ensuring data consistency and efficient retrieval for product listings.
- Employed modern web development best practices, including code version control with Git and collaborative development with a team, ensuring project efficiency and code maintainability.

CorpMate   Feb'2023 - April'2023

- Proficient React.js developer for the Resource Application, delivering an intuitive and responsive user interface.
- Contributed to backend development using Strapi CMS when needed, enhancing data integration and overall project efficiency.
- Committed to high-quality code, optimizing application performance, and streamlining development processes for increased efficiency.
- Effective collaborator within cross-functional teams, ensuring on-time project delivery, and promoting knowledge sharing.

My Portfolio   July'2023 - Aug'2023

- Developed a professional portfolio using cutting-edge technologies, including Next.js 13.4 for server-side rendering, Tailwind CSS for sleek and responsive design, TypeScript for type safety, and Framer Motion for fluid animations.
- Prioritized user experience by creating an intuitive and visually appealing interface that showcases projects, education, and other relevant information in an organized and engaging manner.
- Implemented dynamic features, such as smooth page transitions with Framer Motion and form handling with React hook form, to provide an interactive and seamless browsing experience for visitors.
- Utilized content management and data fetching techniques with Next.js's Static Site Generation (SSG) to ensure fast load times and easy updates to portfolio content.
